

Dear Spartan Fans,
Spring football is winding down, and our 2021 football team has begun its quest to become the strongest, most disciplined group of leaders in the state. The 2021 Spartans have proven to be excellent students in the classroom and are working hard toward being great players on the gridiron. We are incredibly proud of our young men and how they have adapted and shown resilience throughout this unprecedented school year.

As with all championship teams, there are many great players who are lost to graduation. Spring football practice and team camp will prove critical for developing our next great football team. Repetition is the mother of learning (on and off the field), so it is imperative that our players get these live reps!

By state mandate, we will get ten padded practices during Spring football. Six of those days can be full-contact with no consecutive contact days. We also get one Team Camp and two 7-on-7 tournaments during the Summer months. Next week, we will host our first annual Bixby Team Camp. We will be joined by Springdale Har-Ber, Midwest City, Enid, and Sapulpa. The camp will be held both at Lee Snider Field and the soccer stadium. By hosting our own camp, we can save our program money and ensure that each Spartan player gets the needed reps to develop. Team camp allows us to get quality

(continued on page 2)

A cornerstone of Bixby Spartan Football is our core value, Selfless (Less Me More We). We believe that being selfless is a key component of our #Team21 initiative. We strive to develop great student athletes not only during the approximate 3 hours daily that they spend in football, but during the “other 21 hours” of their busy day.

During this Spring semester, there were fewer opportunities for our student athletes to volunteer in our community than usual, but we are proud of the way our players took advantage of the opportunities that were given to them!

May Update continued from pg. 1

repetitions against some of the best players and schemes in Oklahoma.

Wednesday evening after team camp, the Church at Battle Creek South will host a team dinner for our players. Thursday after team camp, we will load the busses up and take the team out to lunch. It is great that we are moving towards normalcy, and we are getting to do some of the wonderful teambuilding functions that make our program special!

After we complete team camp, we will give our players one entire week off to rest and recover. On June 14th, we will be back to work with SPA, passing league, 7-on-7 tournaments, and all the things that jam-pack our summers!

You have probably seen the infamous Steak Eater shirts around town, and there is a trend of having more and more of those each year. I will cook a steak dinner for our players who have 100% attendance during summer SPA -- no questions asked. In the early years, we had just a few players, and then last year, we had over 40 Spartans with perfect attendance! The dinner has become so large that we have moved it from my home to Spartan Stadium!

As we head into Summer, our Quarterback Club will begin both our Membership Drive and our Corporate Sponsorship Drive. This year we will have many new advertising opportunities with our new video board! The QBC has also agreed to contract with a freelance production manager to make our Friday night video board production the best in the state! If you have ever considered sponsoring our QBC, now is the time!

Finally, 2021 is going to be a great year. Please encourage your student athletes to be consistent in their attendance and communication throughout the summer. It's a great day to be a Spartan!

Sincerely,
Coach Montgomery

2021 Bixby High School Team Camp
Bixby
Midwest City
Springdale Har-Ber
Enid
Sapulpa

We would like to thank everyone who had a hand in our 10th Annual QBC Golf Scramble. This year's event was a huge success! Tournament director Scott McCrary did an excellent job laying out a wonderful day that not only was fun, but generated much needed revenue for our Quarterback Club! Thanks to everyone who sponsored, volunteered, and played!

Prove the Culture

Going forward into our SPA workouts, we're excited for our guys to have a normal Summer. We know that we can sound redundant, but we will continue to preach our championship process, knowing that consistency creates champions! Sleep, hydration, and nutrition are three of the most important things our athletes can focus on. These habits also tend to compound, meaning consistency is key – like everything else we do! Without these three being a foundation, nothing else will matter. What we do during SPA is an expression of our preparation outside of it. Habits now will be habits later. Let's get this team headed in the right direction consistently with the Big three and prepare for another Gold Ball run!

10 th -12 th Grade Spring Itinerary			
Day	Date	Time	Action
Thursday	5-27-2021	5:00pm	Position Meetings/ Spring Game
